MESSAGE

TO THE STUDENT BODY,

"I will study and get ready and perhaps my chance will come." These are the famous words of a famous American, Abraham Lincoln and could be words of inspiration to you, the Grove Student Body of 1966-67.

Much planning, preparation and investments in time, monies, and materials have gone into making this opportunity available to you by the Board of Education, Teachers, your parents, interested friends and patrons.

Give serious consideration to this famous quote and make ready for your chance and may this be a most successful and productive year for each of you.

Your Superintendent,

Alvin S. Farrell

WELCOME to NEW TEACHERS

Grove is very fortunate in having a number of new Senior High Teachers this year. We know you would all like to know more about them.

Miss Sheri Lee White

Miss White is the new Home Economics teacher. She is also the sponsor of FHA and Pep Club. She was born in Oklahoma and attended High School in Pawhuska. She went to college at Oklahoma State University. Her major was Voc. Home Economics and she graduated with a B.S. degree.

Miss White plays the piano and organ. She also said that she likes Grove very much. She is doing a fine job and I'm sure that Grove likes her, too.

Jon Clark Price

Mr. Price teaches a variety of subjects, such as: Algebra I, Composite Math, High School Arithmetic, and 7th Grade Science. He was born in Jay and also attended High School there. He majored in Chemistry at Northeastern, State. He spends some of his time listening to records and playing a guitar. When asked if he liked Grove, he said, "Yes." When asked who he would root for at the Jay, Grove football game, there was no comment.

Sequoyah J. Gourd

Mr. Gourd teaches 7th and 8th grade English, and Sr. High World History. He was born in Miami, Oklahoma, went to High School at Tahlequah, and went to college at Northeastern State and Okla. State University. He majored in Social Studies and Business Ed. and has a B.A. and M.S. degrees. He says Grove is "the best." Besides teaching, he is a sponsor of the Sophomore class and in his spare time he likes fishing, hunting and golfing.

The teachers in our grade school are Mrs. Caudill and Mr. Campbell. We are happy to welcome them to the Grove teaching staff.

Mrs. Dora Jean Caudill

Mrs. Caudill teaches one class of the first grade. She and her husband, James live near Oak Grove. They have two children, a girl, Paula Jean, who is five years old, and a boy, Ted James who is one and a half years old.

Mrs. Caudill graduated from the Panhandle A. and M. College at Goodwell, Oklahoma, and she has a Bachelor of Arts Degree.

Mr. Charles Campbell

Mr. Charles Campbell teaches both grade and high school music. This is his first year of teaching and he is doing a wonderful job according to his students.

He grew up in Miami, Oklahoma, and high school there. Then he attended college at Oklahoma Baptist University, where he received his Bachelor of Music Degree. While he was there, he was a member of the quartet known as the "Fallen Angels" that toured Europe and entertained the service men abroad.

He and his wife Sharon and his new born son, Charles Wynn, live at 1105 South Hazel. Mr. Campbell is also the Choir Director at the Baptist Church.

THE TRUE EQUALIZERS

The true equalizers in the world are books; the only treasure house open to all comers is a library; the only wealth which will not decay is knowledge. To live in this equality, to share in these treasures, to possess this wealth, and to secure this jewel may be the happy lot of everyone. All that is needed for the acquisition of these inestimable treasures is--the love of books.

Our first meeting was held on Wednesday Sept. 14, 1966. Mrs Wensel acted as Pres. The first business was to elect new officers. They are as follows:

President.....James Burch
V.-President.....Charles Williams
Secretary.....Becky Peterson
Treasurer.....Lark Johnson
Reporter.....Carol George
Historian.....Vinita Brewer
Pianist.....Joyce Austin
Song Leader.....Glenda Niehus

With the help of Mr. Farrel we hope to accomplish more than in the past years. He has helped in raising money for the trip. Last year both Mr. & Mrs. Farrel helped to sponsor the trip.

At the present time all Beta Club members are selling stickers with the new Ridgerunner emblem on it. So be sure to get one now.

There will be a set number of points needed to attend the Beta Club Convention. There was also discussion about going to one of the colleges for dinner. The subject of helping start Beta Club in other schools was mentioned.

Most important is our sponsor Mrs. Wensel who has returned to be with us again this year. GOOD LUCK!

Just For Fun

"Yes, kids today just don't appreciate the old ways-just sitting on their lands until their oil is discovered."

"If I'm still studying when you come back, wake me up."

First teacher: "How many students are there in your school?"

Second teacher: "About one in every ten." (Are you that one, or are you one of those nine?)

"Even being right at an intersection won't mend broken ribs."

"It has reached a point where taxes are a form of capital punishment."

Question: What did the man say as he was burning at the stake?

Answer: "I'm smoking more now and enjoying it less."

Quentin: "I don't think I deserve a zero on this test paper."

Mrs. Gourd: "Neither do I, but it's the lowest mark I can give."

Teacher: "Where did you learn to swim so well?"

Billy: "In the water."

"So I said to the lady with the wooden leg, I said, "Peg...."

Said a Texan when he saw the Pacific Ocean for the first time: "Wonder who owns that swimming pool?"

Girl: (As her Father pushed her boyfriend and his guitar out the door.) "But Daddy, Bob's not a Rock'n Roller. He's a folk singer."

George: "How does an elephant get out of a washing machine?"

Don: "The same way he got in."

St. Peter (To New arrival) "How'd you get here?"

Guest: "Flu."

Sign on an upholstery truck: "On the road to recovery!"

Martha: "Do you file your nails?"

Glenda: "No, I just cut them off and throw them away like everyone else!"

Mr. Bacon: "I was shot in the leg during the war."

Mr. Huggins: "Have a scar?"

Mr. Bacon: "No, thanks, I don't smoke."

Did you hear about the man who tried to swim the English Channel for the first time? He got half way and decided he couldn't make it so he swam back....?????

Barber: "Was your tie red before you came in here?"

Customer: "No"

Barber: "OOPS!!!"

Carol: "How many letters in the alphabet?"

Joyce: "Twenty-six."

Carol: "Nope, TWA just took off!"

First Ant: "Why are you running so fast on the edge of this cracker box?"

Second Ant: "It says right here, 'Tear along dotted line!'"

Small boy to father: "There's a special P.T.A. meeting tonight-you, my teacher and my principal."

Schoolmaster: "This makes the fifth time I've spanked you this week. What have you to say?"

Youth: "I am glad it's Friday, Sir."

Mrs. Nicks: "Mike, what are the three great American parties?"

Mike: "Republican, Democrat, and Cocktails."

Teacher: "Yes, Johnny, Lapland is rather thinly populated."

Johnny: "How many Lapps to the mile, teacher?"

A little boy was saying his go-to-bed prayers in a very low voice.

"I can't hear you, dear," his Mother whispered.

"Wasn't talking to you." said the wee one firmly.

FAIREST OF THE FAIR

The "Fairest of the Fair" contest was held Monday night, September 12, at the Jay High School Cafitorium.

Three girls from Grove and four girls from Jay entered the contest. The three girls from Grove were Janice Merritt, Sherry Hughes, and Glenda Niehus.

Judy Netherton, Jay, won the title. Her talent was a piano solo. Glenda Niehus was first runner-up, and Sherry Hughes was second runner-up.

Each girl was judged on poise, personality, talent, and beauty. Talent was limited to singing or playing a musical instrument. Janice presented a song "Home Cookin'", accompanied by Elane Kelley. Sherry sang "Just a Prayer Away", accompanied by her mother, Mrs. Neal Hughes. Glenda sang "Sixteen, Going on Seventeen" accompanied by Becky West.

OUR STATE by Glenda Niehus

Girl's State was the most active week that I have ever spent. As citizens of an imaginary state, we elected a legislature, county, and state officers. Since we had only a week to learn all about the government, it was a very busy week.

Various activities made up the week of Girl's State such as, making up Girl's State songs, working for our rules, preparing campaign materials, organizing each level of government, attending classes, listening to speeches and meeting important people in Oklahoma government.

There were two political parties at Girl's State. They were the Boovers and the Booners. A gold ribbon on the identification tag represented the Boover party, and a blue ribbon represented the Booner party.

We were visited by many important people from Oklahoma government, such as the Honorable Perry Hallen, Justice Ralph B. Hodges, John N. (Fairy) Carr, George High, Legislators, Senator Leon Hall, Senator Richard Rouse, Representative for our Cox, Representative J. D. Pitt, and many others.

I learned so much at Girl's State that I wish it could be taught to everyone. More than one half of the people in the United States know nothing about government. Many people don't know how to pay proper respect to the flag. There are many people who don't say the Pledge of Allegiance properly.

I am certain that if everyone could attend Girl's State or Boy's State, they would understand the greatness of the United States, and this would be a more patriotic country.

The secret of success is knowing how to put your best foot forward without stepping on someone's toes.

Dear Abby:

I am madly in love with a boy who is going steady with another girl. There is another boy who likes me. I like him too, but not as much as the first boy. Should I go with this boy even if I like the other better?

Needs Help!!!

Dear Needs Help:

Go ahead and date the boy who likes you, because you never know about steady couples. (Besides you may like him better than the first one.)

Abby

Dear Abby:

I have a terrible inferiority complex because my current flame insists on eating grapes in public every time we go out and everyone looks at us like we belong at the funny farm.. What should I do?

Embarassed Raisin!

Dear Embarrassed Raisin:

Tell your raisin counter there are more raisins in Post Raisin Bran and for him to eat his at breakfast. (If this does not work just be glad he does not eat onions.)

Abby

Dear Abby:

Please help me!!!!!!I have fallen in love with a 47 year old man and I am only 17 years of age. Is 30 years too much? My mother forbade me to see him, but I love him dearly. What should I do? ? ? ? ? ? ?

Forlorn

Dear Forlorn:

I agree with your mother, you can have more fun with a boy more of your age than one the age of your father or your grandfather.

Abby

Dear Abby:

I have a terrible problem and I hope you can help me to solve it. Please answer because no one else can help me.

You see Abby I have this awful habit about my boyfriend burping out in public. I told him it was ill manners and not polite but everytime he does it then when someone looks around at him, he laughs and points at me Abby he won't quit! What am I supposed to do???????

Dear Fit to be Burped:

Tell that boyfriend of yours that it is his choice between you or indignation and burping.

Abby

Dear Abby:

I am going with this boy. He is alright except for one small thing, he insists on taking off his shoes when we go someplace.

This is not so bad I guess, but he is always forgetting to put them back on. He has walked into many fancy places with NO NO NO NO shoes.

How can I get him to keep his shoes on without making him mad.

Sweetheart of a
Shoeless Boy!!

Dear Sweetheart:

Tell that shoeless sweetheart of yours to keep his shoes on or you'll take one of and use it on him.

Abby

BOYS STATE

by Ronald Hadley

Four boys from Grove plus a newcomer went to Boy's State last summer. The boys that attended were: Douglas Whitney, Phil Owens, James Burch, Ronald Hadley, and Roger Frakes from Chelsea and who is one of our Seniors this year. Charles Williams could not attend as he had an inflammation in his knee.

We stayed at Central State College at Edmond for a week and while we were there we learned about Oklahoma government and also put it all into practice. Elections were held for every office in the state from Governor down to the lesser city offices.

But it wasn't all government and learning, it was having fun, meeting new people, and doing all the things there were to offer. We were visited by the honorable Governor Henry Bellman, former Governor George Nigh, and both candidates for Governor, Republican Dewey Bartlett and Democate Preston Moore.

All of us enjoyed participating in it and we hope this year Boy's Staters enjoy it as much as we did.

HONORARY

The Girls and Boys State representatives and their parents were honored by the American Leagon and Ladies Auxilary last night with a dinner. The members attending were: Glenda Niehus, Phillip Owens, Ronald Hadley, James Burch, and Douglas Whitney.

THE MAN IN THE GLASS

When you get what you want in your struggle for life,
 and the world makes you king for a day,
 Just go to the mirror and look at yourself
 and see what that man has to say.

For it isn't your father or mother or wife
 whose judgment upon you must pass;
 The fellow whose verdict counts most in your life
 is the one staring back from the glass.

You may be like Jack Horner and chisel a plum,
 and think that you're a wonderful guy,
 But the man in the glass says you're only a bum
 If you can't look him straight in the eye.

He's the fellow to please, never mind all the rest,
 For he's with you clear up to the end,
 And you've passed your most difficult test
 If the man in the glass is your friend.

You may fool the whole world down the pathway of years,
 and get pats on the back as you pass,
 But your final reward will be heartaches and tears
 If you cheated the man in the glass.

WHAT ABOUT COLLEGE EXPENSES

Since the student is the one who gains the many benefits from a college education, he should assume at least part of the responsibility for paying his expenses. He can do this by saving by working, and by borrowing; he can also control expenses to a considerable extent by his choice of his college.

No student should consider it impossible to attend college because of his finances. Jobs and loans are the most readily available kinds of financial aid and virtually every college can either provide them itself or help students to locate them.

GUIDANCE DEPARTMENT

 It takes a wise man to know when he is fighting for a principle or merely defending a prejudice.
